

«A powerful experience»

Stephanie Condie, 22 years old, is studying at the University Pontificia Comillas Madrid in Spain. She completed the fall semester 2018 at the PH Zug. Her favourite word in Swiss German is “Chuchichästli” and “Grüezi”.

Stephanie Condie, what inspired you to come to Switzerland?

I was very interested in this country and I wanted to get to know the culture. Of course, I wanted to travel through Switzerland and spend a lot of time in the nature.

How did you experience your time at PH Zug?

It has been a very powerful experience and made myself grow. Not only because of the modules here but because of the different experiences that I lived and the way challenges came into my way and how I overcame them. But overall because of the people that I have met here and all the things I have learnt from them. I really feel that this experience has been very enriching and gave me a completely new perspective about life, inclusion, openness and diversity.

What do you remember most about the Teacher Training system at PH Zug?

The methodology at the time of teaching and learning through experience is what I remember most. Moreover, that teamwork is very valued here.

How was your accommodation in Zug?

Excellent! I lived in the monastery, just a few steps nearby the PH.
